Application Serial No.:10/618,306

Art Unit: 3749

Attorney Docket No. 12016.01 Confirmation No. 4384

IN THE SPECIFICATION

Please replace the paragraph at page 9, beginning at line 16, with the following amended paragraph:

--Four smaller L-shaped flanges 24 are also attached to the upper portion 16 of the vent 10, as

seen in Figs. 4 and 5. The smaller flanges 24 extend outward from the front wall 11 of the vent 10 and are

positioned near the annular flange 19. Each of the smaller flanges 24 has a single aperture 24A used to

secure the vent 10 to the drywall D through which the annular flange 19 passes and thereby provide added

stability to the annular flange 19, as shown in Fig. 2.--
